By Smead | Displaying today with tomorrow's technology

The ultimate business collaboration tool.

With these **triple function** boards you can write, display and interact all on one board.

Write. Use it as a high quality erasable whiteboard that will not ghost or stain.

Display. Lift the Clearview overlay and place notices, reminders, illustrations or training materials on the Justick surface.

Interact. Use a dry or wet-erase marker to interact and illustrate your instructions and concepts without marking the original items.

Innovative display solutions for any business.

Simply place your materials on the surface and they just stick! Choose from modern aluminum frames or frameless options to display anything from photos, reminders, illustrations, training materials, etc., to keep you organized.
